FRIDAY, DECEMBER 28, 1894.

An amendment to the Texas constitution has been voted in, authorizing the Legislature to expend any sum up to \$100,000 a year in aid of a home for Confederate soldiers and sailors.

The Eastern Kentucky Democrat is thus far one of the newest papers ever issued in this part of the State. Volume one, number one, reached us two weeks ago. It is published at Greenup, with Mr. E. Wilson as editor.

Carillo has declined to permit the use of his name as a candidate for United States Senator. He said he expected to take part in the campaign in Kentucky next year, but it would be with the distinct understanding that he is not an aspirant for any office.

Every Republican in the United States Senate voted last week against taking the tax off of sugar, as did also every Populist Senator. The only two Senators calling themselves Democrats who voted that way were the two Louisiana members, whose people are supposed to get some of the benefit of the tax. Remember these facts, please.

The Martin County Gazette (Republican) says:

"The candidacy of Mr. Jeff Newberry for Register of the Land Office is meeting with generous approval everywhere, and it now seems apparent that he will have a walk-over for the nomination. Democrats and Republicans in this end of the State are his friends and he could poll 2,000 more votes in this Congressional District than any other man whom the Democratic party could name."

The State Prison.

The following is from the report of the penitentiary for 1894:

In confinement Nov. 30, 1894, 1,156. The prison population increased during the year 55. Being equivalent to 5 per cent. increase. Of the 1,156 in confinement, 133 are serving life sentence. Of the 561 convicts received, from Sheriff's, 1-5 of them were under 20 years of age, more than 1-2 were under 25 years of age and 4-5 of them were under 20 years of age when received. Of the 561 received only one claimed to have a good education, and 234 had a common education, and 526 had none. Of the 561 received 429 claimed to have been drunk when they committed the crimes for which they were sent up, and 132 claimed to have been sober at the time. Of the 561 received, 334 gave their occupations as laborers.

The fact that Hon. T. H. Paynter will not resign his seat in Congress until January 5th, two days before entering upon the duties of Judge of the Court of Appeals, has brought forth some unfavorable comment from some of the newspapers who are not acquainted with the situation, or who simply want an excuse for making unkind remarks. The fact is that Mr. Paynter was petitioned from many sources to not resign before the November election and, the same constituents desired just the course he pursued. It would cost \$6,000 to hold a special election, to say nothing of the labor and the canvass. Then it would require thirty days for the man who was elected to secure his certificate and get to Washington ready for work. Add to this the time necessarily taken in calling and holding the election and how much of the short session is there left for the district to get its money back through the service of an inexperienced, \$6,000 Congressman? Mr. Paynter is certainly not holding on for the paltry sum of the salary of a month of two, as some have insinuated.

He has paid no attention to these criticisms, so far as we know, but knowing that he has acted in accordance with the wishes of a very large constituency, we make this statement in justice to him.

LITTLE BLAINE.

School in District No. 25, has closed, and we take pleasure in saying that we have never had a better school taught in our District and if there was anyone that was not well pleased with the school we have no knowledge of it. Mr. S. K. Holton is a Christian gentleman and knows how to govern a school, and himself too. We hope he will come back and teach our next school. He treated the children well during the term, and he also treated them the last day. We are satisfied their hearts were all full when he was about to take his leave, and we know their hands and pockets were well filled for we saw the candy.

Come again Mr. Holton.

FOUR SISTERS and ONE BROTHER.

And now they seem to be heading for us.

They whisper words of cheer, Though their forms are not visible, I feel their presence near.

Obituary.

On Wednesday evening Dec. 19, at the home of her parents at Buchanan Ky., Miss Cora Turman quietly passed from this life to join her sister and friends in the home beyond.

Cora was a bright and beautiful young girl of sixteen summers and was loved by all who knew her.

All that tender home love could devise or suggest was laid as a loving tribute at her feet, that her departure might be delayed to the latest possible moment.

There certainly remains to the afflicted family the sweet consciousness of having done all they could in her behalf and her death fills every heart in Sunday School with sorrow.

She is gone but not forgotten. In that land so bright and fair, All her friends and loving kindred, Soon will meet their Cora there. Only just beyond the river, Only just a step across, For the loving tender parents, She will watch and pray and wait, For her brothers and relations. She will meet them at the gate, Hand in hand they'll walk together, Down the streets all paved with gold, Brothers, sisters, father and mother, Safe within the Saviour's fold.

The concert given at this place Wednesday evening by the Catlettburg band was creditably rendered, but was not a success financially. The weather was very unfavorable and the attendance consequently small.

A great many hogs are being shipped out of this section to the city market. Bacon and hams are being shipped here from the city almost every day. This is the way our people don't get rich. They sell the raw material and buy it back in a finished state at a largely increased price, when they might as easily have the profit in the transaction.

Mr. E. B. White was at Louisville last week selling ten hogsheads of tobacco. The highest price received by him was \$16.50 per hundred pounds, at which price he disposed of one hoghead. He says there is a great deal of inferior tobacco being put on the market this year. White and Hammond will have another shipment of about the same quantity.

A gentleman of Fallsburg brought his watch to me to be repaired. I found it to be in a very bad condition.

The krig bolt was broken and the crystal was bent in a horrible shape. It gained so much that it stopped on Christmas when 'twas only 4th of July. Henn has it now toned down so it runs excellent and is always on time.

Death of Phil. C. Montague.

This community was greatly shocked last Friday morning on the receipt of the news of the death of this popular gentleman. He had been making preparations for a hunt, and had gone to his wash house to look for cartridges. His wife shortly afterwards heard the muffled report of a gun, and becoming alarmed she called to her husband. Getting no reply she went to find him and to her surprise and horror saw him sitting on the steps of the wash house, dead. He had a Winchester rifle between his knees, the muzzle upwards, and the reasonable theory is that in descending the stairs the hammer of the gun caught on a step and was so discharged. The 32-caliber ball had entered just back of the chin, ranging upward through the brain, lodging just beneath the skin in the top of the head. The unfortunate man lived only a few minutes.

The burial occurred last Sunday from the South Methodist Church, Ashland, which city had been Mr. Montague's home for several years. The spacious building was densely packed, every seat and every inch of standing room being occupied, and the adjacent sidewalks were thronged with people who were unable to obtain entrance to the house. The dead man had been a member of the Masonic and many other fraternal, and these, with hundreds of the citizens of Ashland and neighboring cities, had come to pay a last tribute to a man so universally liked. Rev. Mr. Simms, the pastor of the church, preached one of the most eloquent sermons we ever heard. From text to close it was eminently fitting.

For many years "Phil" Montague had been in close touch with the people of this section. For many years he was a passenger conductor on this division of the C. and O. railway, and no man in a similar capacity was ever better liked. He was skilled in his calling, polite, genial, honest, and courageous to a degree—in fact, the ideal conductor.

Mr. Montague was about forty-two years of age, and left a wife and two young sons to mourn the untimely death of a most affectionate husband and father.

LOOK OUT for breakers ahead when plowing, hoes, and like manifestations of impure blood appear. They wouldn't appear if your blood were pure and your system in the right condition. They show you what you need—a good blood-purifier; that's what you get when you take Dr. Pierce's Golden Medical Discovery.

It carries health with it. All Blood, Skin, and Scalp Diseases, from a common blotch or eruption to the worst Eczema, are cured by it. It purifies the liver, purifies the blood, and enriches every organ to healthful action. In the most stubborn forms of Skin Diseases, such as Eczema, Erysipelas, Eruptions, Carbuncles, and kindred ailments, and with Scrofula in every stage, and all blood taints, it is said to be a cure, you have your money back. And that makes it the cheapest blood-purifier sold.

OUR NEIGHBORS.

Geo. R. Dimmick, a Pittsburg jail man who has been operating up Sandy, eloped to Ironton last week with Miss Fannie Preston of Paintsville, and they were married.

Henry Pritchard has been on the war path at Catlettburg again. He got drunk and shot at James Ford and Will Haley on the streets of Catlettburg, but fortunately did not hit either.

The Martin County Gazette will discontinue publication after January 1st. The proprietor has been elected County Surveyor and the patronage of the paper is not sufficient to profit him in devoting his time and attention to the paper.

It is said that U. S. deputy marshals in Wayne county, W. Va., release all prisoners destined to that jail, after bringing them to the own limits, so as to secure the mileage. The reason is that the jailer opposed the marshals' favorite in the recent election.—Ashland News.

Liquor and gambling caused two murders in Catlettburg last week. On Thursday night Joe Hines killed Joe Letterman (both colored) by striking him over the head with a bad slat. On Saturday night two white men, Frederick and Lovejoy, killed Clark Curnutte, colored. Hines is in jail, but the two white men escaped.

Bread and Water.

The following from the Kentucky Democrat shows how successful a new ordinance is working:

Up to the fifteenth of November, 1894, the jail birds had a feast three times a day received, as their diet, all the delicacies of the season, and by reference to Judge McConnell's report it will be seen that for the first 15 days of November it cost the city the sum of \$38 to feed these who had the misfortune, or good fortune as the case may be, to get in the lockup. Upon November 15th the council passed an ordinance that the city borders should be dieted upon bread and water alone and by reference to this same report we find that it cost the city just 66 cents, to run its boarding house the last 15 days of the same month.

This is not only a saving to the city of \$74.68 cents a month, but together with the Judge's famous song, "Pay, replevy or go to jail," will have a tendency to check the disregard for the city's laws.

Logical

"Well, it's about time to make some New Year's resolutions."

"What's the use? Didn't you break all those you made a year ago?"

"Certainly. That's why I've got to make new ones."—Detroit Tribune.

BE KIND TO YOUR HUSBAND.

It has often been said that poorly baked bread will bring on dyspepsia's ills;

Will make families sad that were wont to be glad,

And swell up the good doctor's bills.
